

ARU GAME LODGES (PTY) LTD

COMPANY POLICIES

GENERAL INTRODUCTION

It is the responsibility of our Professional Hunters to ensure that all hunting is conducted in an ethical manner. We are committed to preserving Namibia's wilderness and the wildlife for our future generations and as a safari client you are party to this responsibility.

Our Professional Hunters are required to abide with the Nature Conservation Ordinance, Hunting Regulations and National Code of Conduct of Namibia and the Namibia Professional Hunting Association. We ask you to respect these regulations and accept the judgement of your Professional Hunter when it comes to trophy quality. At no time should the Professional Hunter be pressured to deviate from the laws of Namibia or our company policy of "fair chase". Fair chase meaning, the ethical, sportsmanlike and lawful pursuit of free ranging wild game animals in a manner that does not give the hunter an improper or unfair advantage over the animal.

As such there is no assurance of certainty as to the success of your safari when success is measured in terms of the number or species of animals taken.

Hunting clients will only be permitted to hunt those animals for which their permit is issued (subject to quota availability). Hunting licenses are not transferable and only those named on the permits will be allowed to hunt.

By Namibian Law, only hunting clients are permitted to hunt. Any observer wishing to hunt must upgrade to hunting client status. Non-shooting observers may not shoot any animal or bird on a hunting client's license.

At our company, we are committed to conservation and prioritize the health and safety of both wildlife and individuals. Recognizing the hazards posed by lead, a toxic material that can adversely affect scavengers and humans, we strongly advocate for the use of LEAD-FREE ammunition by our clients. In alignment with Namibia's robust lead poisoning awareness initiatives, we strive to exclusively employ lead-free ammunition whenever possible and accessible during hunting activities. By promoting responsible practices, we aim to contribute to a sustainable and environmentally conscious approach to hunting while safeguarding the well-being of all involved parties.

Game Fees are payable on all animals that are killed or wounded and lost.

There will be no shooting of female, young or immature animals. Professional Hunters are responsible on making this decision. Only male predators may be hunted. If an immature or female leopard is shot, under any circumstances, the trophy may not be exported from Namibia by law. It is therefore of utmost importance that you abide by the decision of your Professional Hunter when hunting these animals.

All hunting will be conducted within the hours of daylight. No use of artificial lights will be permitted for hunting purposes.

There will be no hunting from vehicles or chasing animals with a vehicle. Animals may not be shot within 200 metres of a vehicle.

All Namibian Government fees are subject to change without notice. We will make every effort to notify you of changes as soon as possible. Any additional taxes, licenses or fees that are introduced after the publication of our current rate sheet will be added to your safari account. All fees are quoted in Euro / US Dollars.
